# REPLACEMENT PUMPS

single-stage and two-stage

Reliable Machinery from the Experts.

## HEAVY-DUTY PERFORMER

Made from full cast iron, the Detroit Air Compressor Pumps are excellent replacement pumps for any machines in need of a new pump. The wide range of Detroit Air Bare Pumps feature low RPM, low noise output, are heavy-duty with a long service life, and include durable two-cylinder-V and 3-cylinder-W configurations. Detroit Air Pumps will fit almost any other brand as a replacement part with little or no modification.

## COST-EFFECTIVE

Detroit Air Bare Pumps are a cost-effective solution to getting your machines running reliably and efficiently. In addition to the entire range of pumps, Detroit Air also keeps stock of affordable spares and parts for these models. We provide clients with professional advice on the best options for their specific needs.
